

# SHAREBUILT

## APPROACH

**VISION:** Shepherding Projects, Improving Lives

**MISSION:** We serve our communities by helping make construction dreams a reality for individuals and non-profits in need. We do this by connecting design and construction partners willing to share their talents and resources to collaborate and accomplish projects with purpose.

**VALUES:** Passionately Advocating, Faithfully Serving, Shepherding Success

**HISTORY:** Founded in April 2022, ShareBuilt is a unique 501c3 nonprofit organization connecting design and construction professionals with charitable groups in need of design and construction services.

**APPROACH AND MODEL:** ShareBuilt helps nonprofits to share their 'story' to design and construction professionals who can help them accomplish their construction goals.

**EXECUTION:** A network of seasoned design and construction volunteers known as 'Project Shepherds' volunteer as owner's representatives to connect nonprofits with design and construction firms to enhance business community involvement and reduce project costs.

**NONPROFIT OWNER**

**Geotechnical Engineer**

**Audio / Visual Design**

**Materials Testing**

**SHAREBUILT**

**CIVIL ENGINEER**

**CONSTRUCTION MANAGER**

**Trade Contractors**

**Suppliers**

"After working with ShareBuilt on multiple projects, it's undoubtedly clear that there's not only a need for ShareBuilt's services, but that many of these projects may not move forward without the leadership they provide to non-profit organizations ... ShareBuilt is motivated by the desire to help others and that is exactly what they're doing."

**Eric W. McGinnis, AIA, LEED AP BD+C**  
Director  
Comma Designworks

ShareBuilt was referred to us by a common partner. We were in the process of vetting owner's reps – which was not in our budget – to assist us in the construction of our new counseling facility. We found a trusted partner in ShareBuilt. They know the industry and have the expertise we did not have, not being in the construction world, but so desperately needed. That's why ShareBuilt and its concept is so great."

**Mari Garner**  
Associate Director  
The Refuge Center for Counseling
